

A three-day voyage to visit old pirate sites and navigate their routes

Central route (2 nights 3 days) : anchor offshore at Omishima and Tomonoura

The Shimanami Kaido crosses over the Geiyo Islands, whose complex topography and proximity make it a challenging area for navigators. This three-day voyage explores history as guntô visits areas connected to the Murakami Suigun pirates, who ensured safe passage, maintained order, and facilitated trade through these waters.
